# Vrata dvostruka, 80% perf. za S-RACK ormare 36U, Š=800 mm

RAL7035

## SCHRACK-Info

Doors DTRT are designed for installation on SCHRACK data freestanding enclosures of the S-RACK series.

Either in place of the standard glass door at the front or as a replacement for the rear panel.

Rear door allows easier and faster access to the back side of the built-in components in case of maintenance, repair or replacement of installed components.

Enclosures without door are available as an option.

**S-RACK**

## Tehnički podaci

|                                |               |
|--------------------------------|---------------|
| Neto širina (mm)               | 360,00        |
| Neto visina (mm)               | 1.735,00      |
| Neto dubina (mm)               | 55,00         |
| Neto masa (kg)                 | 9,80          |
